THE PREPARATION

We all prepare, in advance, for something that may arise. For this reason, we do insurance policies as precaution in case of any eventual accident.

The Scripture is full of warnings, which we call prophecies - nothing more than information, more or less detailed about future events, whether joyous or dismal.

Scripture says: ***“Surely the Lord Jehovah will not do anything without be revealed his secret to his servants the prophets.”*** [1]

Truly mankind can trust that the Creator will do nothing by surprise, for His infinite mercy will always walk ahead of His judgment.

God gives man time to repent of his mistakes and correct the trajectory.

Many times Jesus was asked about the dates of future events that He was prophesying. The Lord disconcerted His hearers by

saying that He did not know, for everything would depend on man - his attitudes toward God's warnings would dictate the fulfillment, annulment, anticipation or postponement of punishments.

There are many examples in the Bible that God changes His will, as in the case of Jonah's prophecy about the city of Nineveh. Although God does not repent like any human being (Numbers 23:19), He did it in this case: "***And God saw their works, how they turned from their evil way; and God repented of the evil that he had said that he would do unto them, and he did not do it.***" [2]

In possession of this knowledge, let us turn to the Lord's message which we include in this month's number: "***Sharpen your sword and sheathe it, for we must be prepared for the slaughter that comes. My people, My army must discipline and strengthen their faith.***"

We take the liberty of paraphrasing this message, giving the spiritual meaning of these words: "*Deepen your knowledge of Scripture by applying it and keeping it in your heart. We must be prepared for the great difficulty that is approaching and whenever necessary we will have to hold on to My Word (the sword). You know that I am with you in all situations; do not be overwhelmed by anything that may arise, nor be discouraged in your faith in Me.*"

This warning from the Lord was the answer to a request of ours. It was late 2015 and we saw daily reports of thousands of people seeking shelter in Europe, fleeing from the war and the misery of their countries.

These events, although terrible, are part of God's plan. Some time before, He had warned us that Europeans would be "obliged" to do **charity** to all those in need who came to them, to get out of their spiritual marasmus and to leave their materialistic selfishness.

It's in the living of the Word and in the exercise of faith in Jesus that we can transmit to the most needy, the Love of God through the affection with which we receive and guide them.

This battle has to be overcome by Love, as the Lord Jesus says, for this is the foundation of the Gospel: "***But I say unto you, Love your enemies, bless those that curse you, do good to them that hate you, and pray for those who mistreat you and persecute you; that ye may be the children of your Father which is in heaven.***" [3]

So, when the sword which is the Word of God, is properly sheathed in our heart, whenever any event arises, or we have to take any action, these must be assessed in the light of His revelation.

The prophet, using a spiritual language, show us the power of this sword - the Word of God: to unmask "***The sword, the sword is sharp (the Word ready to be proclaimed) and also burnished (polished to be visible), to kill is sharpened (to reject unbelief, through the signs prophesied) and also to be burnished (not to be disdained by unbelievers). This sword is sharp, and also sugared, to be put into the hand of the slayer (the servant of God who proclaims the truth in the authority of the Spirit).***" [4]

Jesus also gives us the same advice when he says: "***If you wish to become conquerors of My kingdom, make pure truth a sword, which must be made of unselfish love. With such a weapon, fight fearlessly - and do not fear those who, in an extreme case, can destroy your body, without causing you greater harm.***" [5]

Using the Scripture wisely, we will do the great work of witnessing to the Love of God, for He does not want to judge men but draw them to Himself so that they may live in peace and concord, preparing the emergence of New Heavens and New Earth.

[1] Amos 3: 7 [2] Jonah 3:10 [3] Matthew 5: 44-45 [4] Ezekiel 21: 9-11 [5] The Great Gospel of John - I - 201:9.

"MESSAGES FROM THE FATHER"

"Soon the sun will rise and in the twilight of the morning you will see how the dawn reveals My Power to descend on Earth.

The arms of the prince of darkness arise, and an undisciplined and vile people follow him, but the Sword prepares itself and in the plumb line everything aligns itself in the verticality of My action.

Sharpen your sword and sheathe it, because we must be prepared for the massacre that comes there.

My people, My army must discipline and strengthen their faith.

In peace and reflection I come upon you and fill you. I fill you with power and capacity of accomplishment, because nothing is done without the action of the Holy Spirit there on earth, which is Mine by choice and will.

Fear nothing and do what I ask of you in the light of My presence.

Be attentive, hearken your ears and have a receptive heart to My words. Sift the flour so that the bread is from Heaven.

I listen to you, I interpellate you during sleep and on day to day. Be attentive and consult My Word.

I am a present Father. Come unto Me, dear children."

TEXTS FROM THE GREAT GOSPEL OF JOHN

THE DIVINE ORDER

«Simeon Judah says: Lord, when will it take place?

*I answer: **Peter, by virtue of your mighty faith, I gave you the keys of the Kingdom of God and called you a rock, in which I will build My Church, which will never be defeated by the gates of hell.** You should be a new Aaron and take his place. You will do this as a propagator of My Word, along with the other brothers.*

If in a few centuries, the heathens takes knowledge of this, in Rome it will be alleged that you founded such seat in that city. And the peoples, forced to do so by fire and sword, will believe in the false prophets that you, as the first prince of faith, instituted such a throne, ruling in my name the whole earth, the peoples and their sovereigns. But this throne will be false and cause many misfortunes on the planet and no one else will know where you have erected the true seat of Love, Truth, Living Faith and Life, and who will be your righteous successor.

Such a false seat will last beyond a thousand years, without reaching two millennia. Now, calculate, if you have capacity for such. **When the false throne will rot and be without support, I will return with My Kingdom.** You will accompany Me to the Earth, becoming witnesses before those who still have true and pure faith.

At such a time, a great purification will be necessary, so that creatures recognize Me and believe only in Me. Keep silence about this confidential revelation. Time will come that it will be spread openly.

The disciples say: Lord, could it not be avoided?

I answer: How not? But in this case, men would have to be turned into machines. You ask why there are always such strong winds and storms in the sea. Well, I say, let us remove them, and the sea will not raise dangerous waves and sailors may sail the seas calmly. The stagnant sea will rot, filling all parts of the Earth with pestilence, no longer having natural life in the soil and in the sea itself.

It would be necessary to turn water into stone. In this case, where would living beings as flora and fauna be supplied? In order that the sea and all waters remain as they are, there must be winds and storms, whereby the sea remains restless and active, preventing the salt from sinking to the bottom and becoming rotten and pestilent.

The winds and storms at sea correspond to the trials and spiritual struggles that all have to face in order to attain true life.

What holds true for physical life of short duration, correspond to whole peoples in large scale.

A small stream runs little distance until it joins a brook, which needs to run greater distance to throw itself into a mighty river. And goes through vast lands until be united to the ocean. This bathes the whole Earth with salt in vaporous dilution, which fills the telluric atmosphere and vivifies all living beings.

In the great ocean flow thousands of waters, clean and impure, sweet, acid and bitter, healing and harmful; but in the sea all mix and have a quality of salt, from which the organic life of infinite species takes away its basic matter, taking advantage of it according to its needs.

The situation of the ocean in relation to total Creation corresponds to the immense kingdom of the spirits in relation to the conditions of human life. Every single individual is like a little creek; a community is a larger brook ; a great stream is identical to a nation. The river is a people and the sea represents, especially on the margins, all the peoples of the Earth that immigrate in the same element. The great ocean, with no apparent margin, represents the creatures in the spiritual realm that contains the Infinite and by the entirely living constitution is the basis of the whole Being.

As we have seen, natural life depends on the constant movement of the ocean. The greater the activity, by virtue of storms and currents, the greater the vital action and the progress produced in the creatures of the Earth.

If within this relation creatures become warm, lazy, sleepy and dull, arises a great movement in the infinite world of the spirits that causes all sorts of waves and changes by indirect insuflation. One people stands against another, one doctrine defies another, until the creatures are brought to the maximum possible action.

In this way, greater knowledge emerges between them. Apparent necessity makes them ingenious and forces them into a more intense and organized activity. The people, who barely knew each other, are connected and become useful, and the light grows and grows more, which make a greater thirst for a real truth.

This demand by becoming general and men being no longer satisfied with authoritative faith, motive of superstition, will be at time to give them a greater and palpable knowledge, full of clarity and truth.

Thus, creatures bound to idleness, ignorance and mental drowsiness will be brought into a total movement and full revolution until feeling what they lack. "

THE COMING OF THE LORD

" (The Lord): When such a situation arises among creatures, the time has come to give them what they need, or else I will return to the world to do in a general way what I now do in isolation before a few witnesses. Now I lay the seed on earth, bringing to the creatures not peace, but the sword for contends, fights, and wars.

*Only those who accept My doctrine and practice it, will find the Light, the Truth and the true peace of mind, despite having to face struggles and persecutions in the world by virtue of My name, which all of you will pass. **When I come back the second time, ferment, fights and persecutions will end, and the original interchange between the pure creatures and spirits will be normal and definitive.***

Then you will conclude why will be allowed that, in time, will arise next to the small and true seat of Aaron in which I place you, a false and long lasting among the pagans and why false prophets and indoctrinators are admitted in My name.

*You and your descendants should not pay attention to them, even if you hear the call from the mouth of the false prophets that the Christ is here or there. **I will never dwell in a temple made by human hands, but***

only in the Spirit and Truth of those who seek Me, believing only in Me and loving Me above all else. The heart shall be My temple, and in it I shall speak, and teach, and guide. Remember this, lest you be annoyed at any such thing when it comes, remembering I warned you and said the reason for everything!

Says Simon Judah: Lord, we perceive Your Order which, beside the free will of the men of the Earth, cannot take another direction; but for the creatures in themselves nothing good can be expected. From our side, we will do everything to lay the seed of life on the soil of the hearts of men in order to soon arise the greatest struggle between Light and darkness. Let all the tombs be open and the sea give back their dead to hear Your Gospel! I am referring to the needy souls of Your Verb.

I say: You spoke well. What happens now on Earth will not be forbidden to the still atrophied spiritual world. There are many creatures physically buried in the tomb of the spiritual night, in the depth of the immense sea of illusion. To these preach the Gospel, causing many to appear in the light of life, and illusion will release his prisoners.

When this happens in general, it will point to the great day of salvation for all the inhabitants of the Earth. The work is big and heavy and there are few workers; treat first of all, that their numbers grow. Every farmer in the 'vineyard of life' can expect great reward, to the measure of his zeal and dedication. On earth it will be small for the body, so much greater for the soul and spirit.

The earthly goods are only fictitious and resemble those who see themselves in their dreams. The small difference consists in the fictitious possession of the dream deceiving less time than the world. But both vanish, and afterwards everything will be fiction before the eyes of the living spirits, only able to give reality to the appearance.

First of all, deal with the conquest of spiritual goods, that is, the Light, Truth and Life of the soul. What the body needs in the right measure is given to the faithful worker in My vineyard, for I know what he needs physically. Do you understand?

Simon Judah answers: We are all guided because you did not attend to the inhabitants of the place, even though they begged You for help as doctor of the world.

Lord, is this road still going on? We have walked a lot, and besides some bushes, nothing is seen.

I say: Leave the road as it is; for us it is safe. You have accompanied me through much more barren areas in the Euphrates, however they were safe and even beneficial. The same will happen here. Passing this hill, we

will reach a point that in the time of Lot was one of the ten cities. We'll see if there's some hostel.

Andreas say: Lord, You already know it; you just do not want to mention it.

I say: If that's the case, why do you worry? For your sake, I do not want to make predictions; but in the first locality we will find pharisees, scribes and others who take into account of very blessed. Passing by, we will get in contact with them. "

CONDITIONS FOR THE RETURN OF THE LORD

«The old host says: Yes, Lord and Master, we understand this deep revelation. As for the four kinds of fire for the purification of creatures and the world, they do not sound pleasant and one may wonder why God allows them. Being wise and good, He will have His righteous motives. We thank you for the revelation and are glad to live on your first arrival on earth, for I feel that this time is much greater than that of Your return.

I cannot imagine big cities in the future and how men will harness the force of lightning for material use. I, and certainly everyone are happy not to understand it, seeing that the elements are under your guidance. Since you spoke on Your return to Earth, could you add where that will happen?

I say: **Friend, to this question I cannot answer in an understandable way, because at that time there will have appeared places, countries and peoples that do not currently have names. It will be clear that I can only return to the country where there is the most living faith and the strongest and most true love for God and the neighbor.**

But when I return, I will not come alone, but with all My own who have long been in My celestial kingdom, in enormous phalanxes, to fortify the brethren that are alive, having thus a true communion between blessed spirits in the Heavens and creatures of this earth, to their great consolation. Now you know what you needed. Act accordingly, that you shall reap eternal life, for I will awake you in the last day.

Kado says: Oh Lord! Will this be tomorrow? For the whole day is for us the final day!

I answer: I am not speaking of an earthly day, but of a spiritual day in the Beyond. When you have left the physical body and entered the realm of the spirits, it will be your most recent day and I will free you from the condemnation of matter, awakening you to the new day. Now let's go to

bed, for it is already midnight, and tomorrow we are going to have a long journey."

(The Great Gospel of John - VIII - 162, 163, 187)

EXPLANATION TEXTS OF THE SACRED SCRIPTURE

(Revelation given by the Lord to the prophet Jakob Lorber)

Chapter 22

"And he said unto them: Verily I say unto you, there are some of them that stand here, who shall not taste of death until they have seen the kingdom of God come with power."

(Mark 9:1)

This text is longer and needs only a small elucidation. Who are they who will not taste death until they see the kingdom of God coming in His glory? It is the faithful who wait for it. Those who believe firmly will see their hopes fulfilled. It says: Whoever has faith the size of a mustard seed and does not doubt what he believes, can remove mountains.

The faithful also long to see what they believe. So this promise shows how your faith has to be, and you will not taste death until you see what you believe.

These few believed that I am the promised Messiah and that through Me a perfect theocracy on earth has been created, which will never end. The Son of man will assume the glory of the Father on Earth and all kingdoms will have to bow, even those in it, below and above it.

Here is the faith of some. Therefore they were told that they will not taste death before they see the glory of the kingdom of God come. Not as they believed, but according to their faith.

Why then they had to face death even after have seen the arrival of the kingdom of God? Because faith, no matter how steady it may be, does not produce life if do not have love as original basis.

There are many on Earth that nourishes faith without considering that it is only an emanation of the Light of the grace of My love, which acts well prepared in the intimate, as light acts upon nature. In summer it warms the soil and brings forth several fruits of the same. But the light cannot always be the same, the solar ray in winter will weaken and soon all products of sunlight die, burying them on snow and ice.

Why the Earth does not vivify its children in winter, so wonderful on summer? Why have to taste death, if they felt the glory of the solar light before? Because Earth has little heat of its own.

So it is with steadfast ones in the faith. They believe firmly and are full of activity while enlightened and warmed by the protection of My grace. As soon as they are experienced regarding their own heat, the leaves die and fruits fall from the trees and they found themselves naked; and instead of the ancient fruits, one sees snow and ice on branches and twigs.

In My supreme Light of grace they can see the glory of My kingdom in the fruits produced; but these are of strange origin, that is to say, they were not projected by the force of the heat itself, reason why the savor of the death unfailingly endures.

This does not happen with those who have their own intimate sun through their great love for Me. To these I say: Verily I say unto you: Who that loves Me and practices My Word will never taste death.

Faith can be attained by reading good books; but love only is born within the heart. Therefore consult the sentiment more than reason; then you will not be part of the first. Amen!

DEDICATION

Dedication is the act or effect of devoting ourselves with extreme affection and devotion. It synthesizes the quality of one who dedicates or consecrates to something, be it physical or spiritual, to a dream, or an ideal.

We see, for example, a child with an inborn passion for music who practices his musical instrument daily until she reaches the level that satisfy her. Such dedication happens with the most varied vocations or passions. It is necessary to be in love with the dream that is cherished to put it above everything and everyone,

willingly accepting to submit to the greatest sacrifices to reach the goal we set to ourselves.

The same happens regarding spiritual life, religious vocations, to the call of God.

It's an invitation so intimately whispered, unique and non-transferable, that comes from the core of being, coming from the Divine Spirit - nothing compares to it.

It is not surprising therefore that according with the appeal of their heart, at some point they make a radical decision in relation to the way of being, and want to live, that completely changes their lives.

And the dedication to the work of God, whatever it may be within the diversity of gifts given to us by the Lord, arises as an appeal of the soul in a passionate way. Is the service, or surrender of our being to God.

To speak of the joy of seeing a lost soul to accept Christ as their Savior becomes the greatest enjoyment that one can experience.

An unwavering faith, self-giving and resilience not to give up along the way, are common to all who dedicate themselves to serve the Most High with all their heart.

Because serving is Love. And what moves them is not self-interest, but the desire that their brethren grow in grace and wisdom in the fear of the Lord.

For all this, to all those who dedicate themselves to the work of God tirelessly, our deep thank you!

Deep thank you for the availability, gentleness and tolerance, being the ear friend, the earthly guide who, uncritically, limits himself to orientate in this or that point where might be a doubt.

Our Church celebrates its Silver Wedding anniversary this month.

It is twenty-five years along which, joys, disappointments, disenchantments, trials and sacrifices made renewed hope, were a reality in the lives of all, and the spiritual leaders of this little flock.

We have to recognize with all humility the immense work and effort that is inherent in the life of any one of them, including their wives and helpers, wherever they are.

By the perseverance, faith and love of those who are truly anointed of the Lord. Through their loving dedication, we must pay them sincere homage and gratitude. For how important they have been in our lives as loving counselors, guiding us to the path that

pleases the Lord, conducing to the path those who earnestly seek their spiritual evolution.

Without them our lives would be poorer, like disoriented sheep of an unguided herd. Although the supreme pastor is Jesus, the true earthly shepherds seek to be imitators of Christ, seeking to tread His steps.

The number of believers who make up a church is of no importance. Important is what this handful of believers do with the gifts that God has given them.

The natural stage of those who love God and have been baptized with the Holy Spirit who dwells in their hearts, is to try to be imitators of Jesus Christ, by loving his neighbour as He loved us.

Dedication is vital for any work to continue until the end of each one's journey.

And because we are sure that it will be so until the day the Lord calls us to His presence, we have strong reasons to celebrate all the good that God has given us, and the wonderful way He renews our lives with each passing day, giving us the possibility of perfecting ourselves.

And so, our hearts are in feast. We celebrate the existence of a church for a quarter of a century and we also congratulate all those who, over the years remained firm in the promises of Jesus.

May God keep us united through the spiritual and sacred bonds of Jesus Christ, our beloved Savior.

May this date be the starting point for bolder ideas, so that the Holy Bible, and *'The New Living Revelation'* with its **'Full Light'**, as the Word of God, can continue to be scattered throughout the world more earnestly, to the honor and glory of His Name.

“ SILVER WEDDING ANNIVERSARY ”

Lord, You who knows everything
And saw our path these years,
Tells us if You approve the work
Or only there were disappointments.

That life it's failure of virtue,
Seeking You was always our intention.
Fulfilling Your word as command,
Although what we did was not much.

In the silver anniversary of this house
That as church has grew and diminish,
We know that Thy love you give us always
Even when some of us did fall.

We beg Thee on this day Father
That our hearts are in feast,
May Thou keep us faithful till the end
In the years, or days left to us.

NEWS FROM BETANIA

The Bethany Evangelical Church arose from the interest shown by several brothers who knew the Lord's work in gathering together to seek God in an area of freedom, according to the guidance of Jesus, which until today we seek to respect: "***But the hour cometh, and now is, in which the true worshipers will worship the Father in spirit and in truth; for the Father seeks such to worship him.***" (John 4:23)

In the middle of the year 1993, some brothers began to meet in the residence of one of them. After some time, the Lord revealed that they should rent a room so they could worship God regularly and open this space to all who wanted to join them.

It was rented a small room on the first floor in the Boavista area, in the city of Porto.

For some time there was only one piece of furniture in the hall - a pulpit we had since 1985, the year the church's name had been chosen. Therefore, in order that brothers could accommodate themselves, each one had his own bench; after worship, the seats did return to each one's house.

This come and go of benches should be an interesting sight for the neighbours who witnessed the scene, as we did it for a few weeks. Until a sister's husband of our church, gave us money to buy the first twenty-four chairs.

However, the room became small to accommodate the number of members we had, plus others that meanwhile joined the community.

At that time, came to the knowledge of a brother, that there was a spacious room in São Mamede de Infesta that had been used as a place of Catholic worship; when we saw it, the Lord revealed that this would be the place where the church would be set.

In this worship hall the church had new experiences with God. We emphasize the revelation of the Lord through a prophetic dream given to a brother, showing all the transformation that the room should suffer to serve as a place of worship. We have tried to be faithful in fulfilling all the guidance transmitted in the dream, and today we can enjoy with pleasure this comfortable space where over

the years we have felt the presence of God every time we gather to worship Him.

Many have been added to our church since its commencement; some from other communities joined us, but others also went out to join other Christian groups.

In the years 2007/2008 we had our great experience as community, when we know the revelation transmitted by God to the prophet Jakob Lorber.

Everything changed, for an area that was not sufficiently developed began to take shape - CHARITY.

Although for many this was the great spiritual experience of their lives, for others it was not, reason why a big number stopped to congregate with us, because they did not accept 'The New Living Revelation', or as the Lord said - '*A Complete Light*'.

In the year of 2012, the Bethany Refuge was created, so that through this independent association of the church, the whole social work of the community could be carried out.

As twenty-five years have passed since the Holy Bible was proclaimed as the Word of God, and after 'The New Living Revelation, which the Lord called '*The Complete Light*', we are happy to record this ephemerid in our monthly newsletter, as through it we can reach many brothers and friends scattered around the world.

THE AWAKENING OF A NEW DAY

(Prophetic Diary)

PROPHETIC DIARY

- First Part -

(From 19/01/2008 - to - 30/03/2009)

Summary of revelations given by the Lord
(September 3, 2008)

Thus, says the Lord:

"Thousands of airplanes fly over your planet in a rampant race, taking and bringing men, spreading sin among peoples. One by one, they will fall, and there will be panic and discouragement, for men will no longer scatter in their unbridled rush; they will be retained in their places of origin.

My servant (prophet), to you I tell: the world has lost its way.

There will be terrible days when there will be no more airplanes. Only the one () that is parked in My aircraft carrier. It will fly with those who are Mine; in that time all space will be freed from human traffic and cleansed by My power, so that there is no more impediment.*

The servants to be taken in My plane are already on top of the mountain of Revelation and Prayer. Below, men continue to fight, but even there, in the midst of their wars, I have My watchmen, indicating the top of My mountain, but nobody hears, so big is the noise of their struggles and their contradictions.

The time has come for Me to say: So far and no further!

The ancient city of the world is inhabited by millions. The great "volcano" of catastrophe is already steaming, and My servants have been taken there to see and warn.

But from heaven is descending another "volcano," casting the flames of the New Revelation and of peace; and this volcano will bury Earth's volcano, causing it to explode without causing damage.

I created the Heavens and the Earth. I separated the seas and made the rivers, but man built the "volcanoes" of war and confusion.

Prophet, do not judge it to be different, for it is the same. Open your eyes and see.

What is under the feet is the Earth. And this one, I will destroy.

That which comes from High, it is I who provokes the explosion, without hurting Mine.

My four-faced cherub already flies over the Earth and the Sea, with his two pairs of wings and his feet shining like polished copper. Whereby my cherub shall pass by, all shall be burned.

Go to My prophet Ezekiel and you will know who my cherub is, for the cherubs are the eternal expression of My Love (Ezekiel 10: 14-22); because I love, I will not allow the wickedness of man any more.

Man made himself a god and made to himself a sculpture. My angel has taken his sculpture of vanity and will cast it into the sea of the world, that is shaken with its fall. Everything will be what it once was, returning to My Order established from eternities.

The man is beginning to reap the food he has planted. He stretches out his hand upwards and is drawing out grapes, but these have no seeds, and the branches have spikes like thorns. They are not for food. Religion has never brought what only I can give. Remember when I told the Samaritan woman that she need not go to Jerusalem or Samaria to worship God, for I alone am the Water of Life, and the water of Jacob's well does not quench more (John 4: 10-15).

They go down to the earth and look for a lower grape, and the same thing happens; for when they try to consult the dead people in behalf of the living, the reptile appears, and it shows them the way to hell (Isaiah 8:19-20).

The man begins to scratching in hell and manages to catch its berries, but these are hollow and do not serve as food.

What I once did with My servant Noah, the adversary will do. But I, with Noah, lifted him above the Earth with the waters of the Flood, and Satan will make a "flood" of destruction on Earth. I save; he kills

Satan will induce many to make their coffers of shelter under the ground, and many have already made them; they say it's because of nuclear war, but no one will flee from My presence. Even

if they tried to survive the coming catastrophe, when they went up, they could not see the New Sun.

I will send My flood, and like trapped moles, all will have to come out of their dens, to stand before Me for judgment.

Man is trying to establish an impossible order, for he himself has altered the Divine Order.

This man has three arms on either side of the body, and placed himself in the middle of the Earth dominating; he will give with his six arms the maximum, as a human being.

Under his feet is the gravel of difficulty; these are the precious stones, which become the ladder of vanity, but to Me they are worthless gravel. The man of power shall go up to the last step of the ladder of vanity, and shall fall.

At the last step he is holding the skin of the creeping serpent; for the spirit of the creeping serpent comes to meet him, and he will wear the skin of the creeping serpent. The creeping serpent will speak to the world through him.

Then the serpent / man will coil himself in the precious stones of wealth, of the last gasp of world and dominion over his fellows.

I tell you what will happen: Six men will come to destroy the world.

There are six, the rulers who are around the great table of command over the world. Each nation has its two representatives, who raise their flag very high.

A flag is from China, other flag is from Japan, and another flag is from the United States of America.

The sea of the world will be coloured with its three colours of power, and every one can see the three coins of wealth floating.

The first coin has a USD face, and on the other side MXP, as there will be agreement between the United States of America and Mexico.

The second currency has on one face CNY, and on the other face INR, as there will be agreement between China and India.

The third currency has on one face JPY, and on the other TRY, for there will be agreement between Japan and Turkey.

But I, the Almighty God and Lord of all, separate the water from the sea, as I did in old times, and led My people to pass by dry. I gathered the sea water again and everything was fulfilled.

Now the sea water of the world moves in anger, and in it there is turbulence, and in it will rise destruction.

Man seeks safety and peace, but time has passed.

It is now My time when nothing is sustained, only My people, it will be separated from My wrath. "

(*) The Lord showed in vision, on 10/06/2008, a special plane, perched on an aircraft carrier, which would take His servants out of this world. Through this prophetic picture the Lord is revealing that His church will soon be raptured.

Summary of the revelations given by the Lord
(September 10, 2008)

Thus, says the Lord:

"I will show you the world as a great circular city, and you will see what you call the 'dance of the chairs'.

I will put twenty-seven (27) chairs in a circle; each chair has the colour of its flag, and the ruler who is seated is its chief. The twenty-seven seats are within the larger circle that is the city / world.

In the middle of the circle of twenty-seven seats are placed in a straight line three (3) chairs to the left, three (3) chairs to the right, and one in the center, making seven. The man inspired by Satan, always wants to reach My number. Their religions are now together, to give strength and 'bless', with their witchcraft, the wickedness of the rulers who dominate their fellows.

Being prominent, and intoxicated with the remembrance of past power, stands the chief of "Great Babylon", in his den which he calls State, in the city that once ruled the world, when I humbly peregrinated on this earth, bringing Salvation and Life.

I tell you, this place is the city of the three kings of the Earth, and the place of the adversary.

On the dunes, by the sea beach of the world, there are many churches, but only one is Mine.

The door to My church is not on the ground, but above it, for whoever enters it does not bring the sand of matter to his feet. The door of My house has a drawbridge that does not land on the earth, because I want My people to come to Me without a trace or a shout that awakens the sleepers and the wrapped in the things of the world.

My great lagoon, surrounded by fire, is already descending from the Sun. This lagoon is half of My Sun, which comes to Earth. The other half already went to the fight.

Around the temple of My holiness are the houses of My faithful servants.

The adversary will attack the houses of My faithful servants, from the front and from the rear. But out of the top of My temple comes the lightning that will destroy the devourer's fire.

In My land, are planted My seeds of Love and My New Revelation.

Every new life, like a seed, has a ladder that will carry it to Me. The ladders are in silver, for I have given them My salvation. They will have to climb the four steps, which are the four times that I have spoken to you: the first step is wood, which is your carnality, overcome by My Spirit; the second step is painted red with the power of the Blood of the Cross, for you will also have to carry your cross; the third step is blue, for in that time, when suffering will be great, you must share with all My great Love; on the last step, light gray, you will have to wait for My call.

Your life must be holy, but it is not yet wholly white, like My holiness, because you are still on the Earth; but you will not have to climb another step.

In front of each ladder, there are many who want to climb. But there is still something in you that I do not like; for you look at one another, measuring your stature of vanity. Those of tall stature will not be able to even move toward My Four Steps. You will first have to come down from your vanity, and thus all of the same stature, you may go up for I await you on the last step.

The day of confusion will come quickly, which will change your time and your way of life. In a moment all the clocks of the world will be misguided, but no one will notice. Even your clock of confidence (standard clock of earthly time) will have the hours changed.

Many will be accidents with aircraft, with large and small boats, and with your various transports that are on the ground.

All of you followed the rules you had set, so there would be order over all your invention, but I changed everything in a moment, leading you to remember My Word: "Without Me you can do nothing" (John 15: 5). It's time to show you My Truth!

I will explain to you My greatness using a small example: In your pilgrimage you play, measuring your strength, hammering the hammer that touches the top and the bell of ephemeral victory that gives you joy.

Your joy is ending. You will not be using your strength now; I will be the Lord! My angel will use the hammer and hit the device; you did not hear the noise of the bell, for it no longer exists. They are My seven (7) angels, coming down from Heaven with their seven (7) trumpets, with My last warnings.

Two moons are also seen in Heaven. One moon is different and has the aspect of man: it is the church created by Satan, to copy Mine. The other Moon is My church, it is radiant with light and it is a little further away, because it has nothing to do with the Earth. This My moon is increasing in size, for there are thousands of My children who are coming into its bosom in this last hour.

I have already sent My four (4) angels of time to the earth, and many of Mine I have already kept them; but many others I have already destroyed them.

For a while, I will send only one more star (angel) and I, I will come with Judgment and the Sun and Moon will have no light, for they have become dark.

Only My Light, which is My church, will ascend with Me and the Earth will be in darkness. To those who belong to you without exception, I will take them all by the hair, and draw them in My strength, out of the sea of the world. "

Read the Bible and The Great Gospel of John “The Complete Light”

“Howbeit when he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak of himself; but whatsoever he shall hear, that shall he speak: and he will shew you things to come.” (Gospel of John 16:13)

“The reason why I am now giving a full light in this matter is so that in the end no one may be able to excuse himself as if since My bodily presence on Earth I had bothered neither about the purity and completeness of My teaching nor the people who accepted it. When I shall come again to Earth I shall undertake a thorough sifting and not accept anyone who will come to Me with whatever excuses, for everyone who seeks in all earnest can and must find what he seeks. However, the sick sheep and asses feeding at the crib shall be administered medicine after which they are sure to become greedy for the feed from the Heavens, but then they will as convalescents be fed homeopathically for a long time. But now once more to the Gospel.”
